

Consent to Participate in COVID-19 Susceptibility and Severity Research Study (REACT-GE)

Please Read All of These Statements

1. I confirm that I have read and understand the Participant Information Sheet dated 15/12/20 (version 1.0) for the above research and have had the opportunity to ask questions, which have been answered fully.
2. I understand that my participation is voluntary and that I am free to withdraw at any time, without giving any reason and without my future medical care or legal rights being affected.
3. I agree to provide up to 50 ml of blood and a sample of urine for research purposes, including genetic analysis of my DNA and RNA.
4. I agree to have my weight, waist circumference and blood pressure measured.
5. I agree to receive a laboratory-measured antibody test result for COVID-19 together with the Diabetes and Cholesterol blood analyses, and the physical measurements.
6. I understand that the antibody tests are not 100% accurate and that I should not use them to make decisions about my health or my behaviour.
7. I understand that information held by NHS Digital and other UK NHS bodies may be used to follow up my health status in the long term. They may also provide access to my medical notes and other health-related records to ethically approved studies now and in the future, even if I can no longer make decisions for myself, or after my death.
8. I confirm I have been provided with details of how to contact the research team if I need to.
9. I agree that any clinical data or any data generated from my samples may be made available to other research and health care groups in the public and private sector approved by the relevant research ethics committee.
10. I agree that the samples I have donated and data collected can be stored for up to 20 years for use in future medical research studies aimed at improving human health.

I agree to take part in the study.
